

NERI

since 1950

A tale during 70 years.. and counting

It's in the '50 that Neri Paolo begins the company and production activity in Larciano, in a building of 100 mq.
During these years we have expanded us, trying to understand our customers's needs, learning from the matured experience and updating the range of our items and services based on the market and firms requirements.
But in one sense we remain "old fashion": in the care of customers and in the respect of the greatest reliability towards customers and suppliers.

1950

Neri Paolo starts his production

1979

Alessandro starts to cooperate with Paolo

1985

The Neri Geom. Alessandro firm has been established

1988

The foamed plastic blocks production comes up by the side of the wood boards one

2001

The Company acquires the current juridical form and strengtnes his position in the international market

2021

New Technology
Experience
Reliability
International Design

The Specialist of Semi-Expanded plastic

Why semi-expanded?

LIGHTNESS

Lighter than solid plastic.

WORKABILITY

Less efforts of the machineries and better drilling's speed.

WOOD TASTE

The natural alternative to the wood boards, the same "warmth" and the same specific weight.

CHEAPNESS

Computer-based production's processes and selected raw materials.

ECOLOGICAL

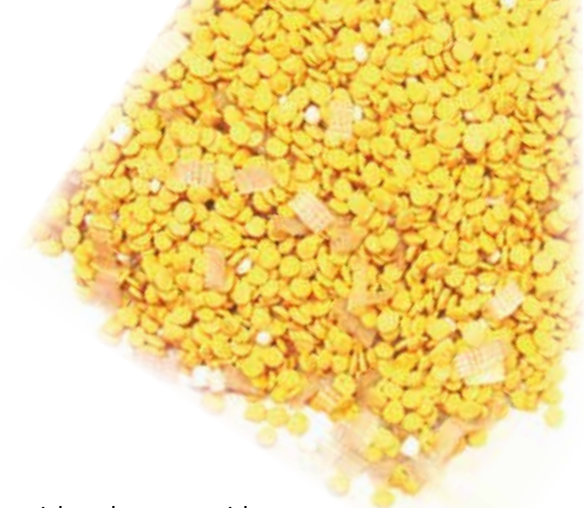

Recycled plastic materials and water varnish.

FANTASY

Design and creativity characterised by the various technical solutions.

PERSONALIZATION

Aluminium moulds, cheap, resistant and of rapid swift realization.

BLOCKS FOR BROOMS AND BRUSHES IN FOAMED PLASTIC

An advanced technology that allows the use of recycled plastic materials thus removing them from landfills and incinerators.

A TRUE BENEFIT FOR THE ENVIROMENT

100% PP-PE Recycled Foamed Plastic + 100% Water Based Paint

A WIDE RANGE OF NATURAL COLORS

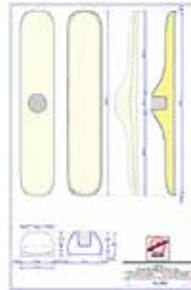

Personalization
